

STRANGER MUSHWANA

SENIOR SOFTWARE DEVELOPER

Professional Summary

I'm a curious and adaptable software engineer who enjoys solving real-world problems through clean, scalable code. I'm passionate about continuous learning, mentoring, and building tools that make a real impact. I thrive in collaborative teams and bring a strong mix of technical depth and a user-focused mindset.

Employment History

Software Developer, JOBJACK, Cape Town

MAY 2021 – PRESENT

- Collaborate closely with product managers, designers, and key stakeholders to drive product growth through innovative, user-centric solutions.
- Architect and optimize both front-end and back-end systems to maximize performance, scalability, and user experience.
- Lead code reviews, offering actionable feedback to elevate team standards and best practices.
- Seamlessly integrate third-party APIs and services to expand application capabilities.
- Mentor junior developers, fostering a collaborative environment focused on continuous improvement and technical excellence.

Software Developer, ORACLE, Johannesburg

MARCH 2020 – MARCH 2021

- Implemented and updated application modules under the direction of Senior Developers
- Created and maintained technical documentation to support ongoing development and future enhancements.
- Participated in agile development processes, including daily stand-ups, sprint planning, and retrospectives.
- Participated in code reviews, providing feedback and suggestions to improve code quality and maintainability.

Education

BSc. Mathematical Sciences, University of Limpopo, Polokwane

FEBRUARY 2015 – NOVEMBER 2018
